

Heavy-duty pipe ring metric MP-MXI

Applications

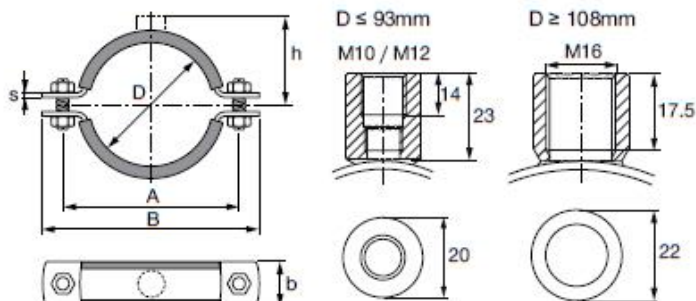

- Heavy duty installation up to 508 mm
- Mechanical installations
- Process and control lines

Advantages

- Solid connection boss, welded all round
- Strong clamping bolts for high loads
- Non-slip, pre-fitted profiled rubber inlay

Technical data

Material composition	DD11 - DIN EN 10111
Surface finish	Galvanized
Temperature resistance	-50 - 120 °C
Hardness Insulation Material	50° ±5° Shore A
Noise reduction	16 dB (A)
Insulation material	EPDM rubber
